REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the examiner is interpreting, based upon the specification, that the term "web extensions" is referring to mean there are plural extensions or at least there are two or more provided in order for a second level sealing surface on the valve component to be adjoining said web extensions, where at least two extensions would be required to meet the adjoining limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
